

Just Say STOP!

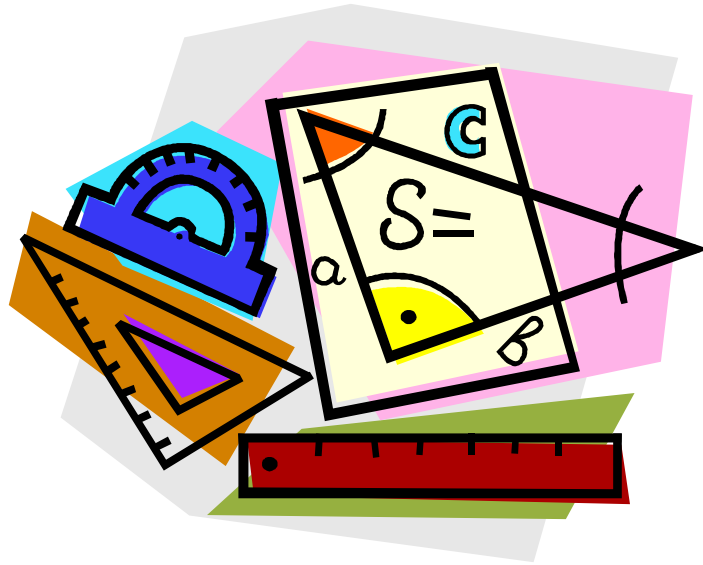

A Boy Scout wants to research model vehicle plans *online*. What should you do before he starts?

Ensure Internet Safety

When you prepare for kids of different abilities and skills to approach a single STEM concept, what strategy are you using?

Accommodating Academic Differences

A Scout is never supposed to meet with you one-on-one. What should you do to meet this requirement?

Follow BSA's Youth Protection Policies

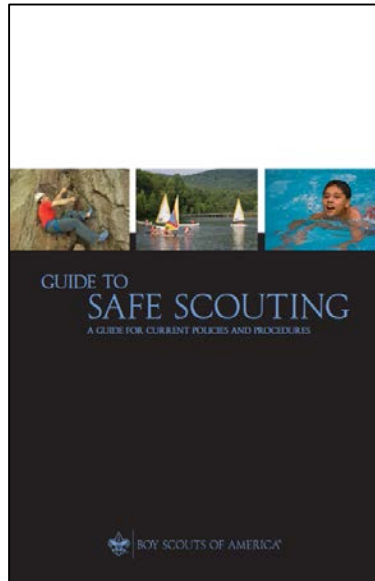

Your Troop wants to earn the Rifle-Shooting MB. They don't want to wait until summer camp. How might you ensure safety?

Bring in a Consultant with Appropriate Safety Skills

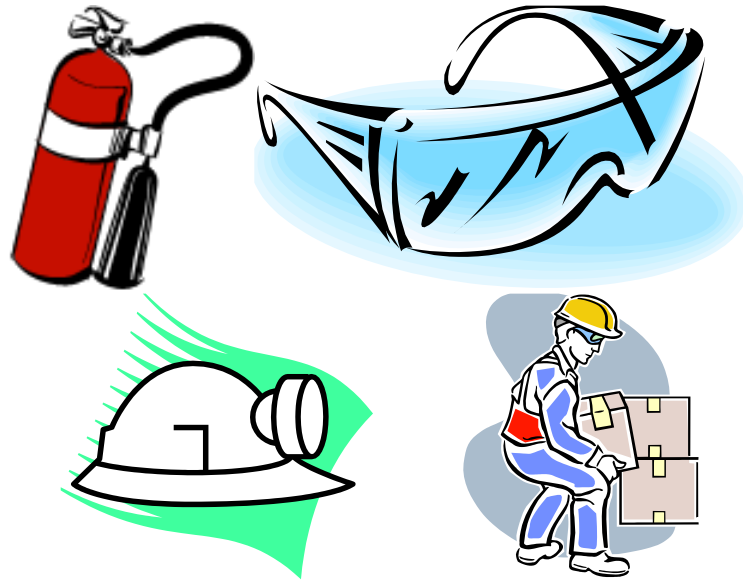

A Boy Scout wants to do the Small-Boat Sailing merit badge. Where do you find information about safety rules for boating activities?

Start with BSA's Guide to Safe Scouting!

A Boy Scout wants to do a cooking experiment using a camp stove, a box oven, and a solar oven. How might you ensure safety?

Use Safety Gear and Practices

A Boy Scout is ready to start an activity, and the safety consultant has just stepped away. What do you do?
