

# Just Say STOP!

---

A Scout is never supposed to meet with you, one-on-one. What should you do to meet this requirement?

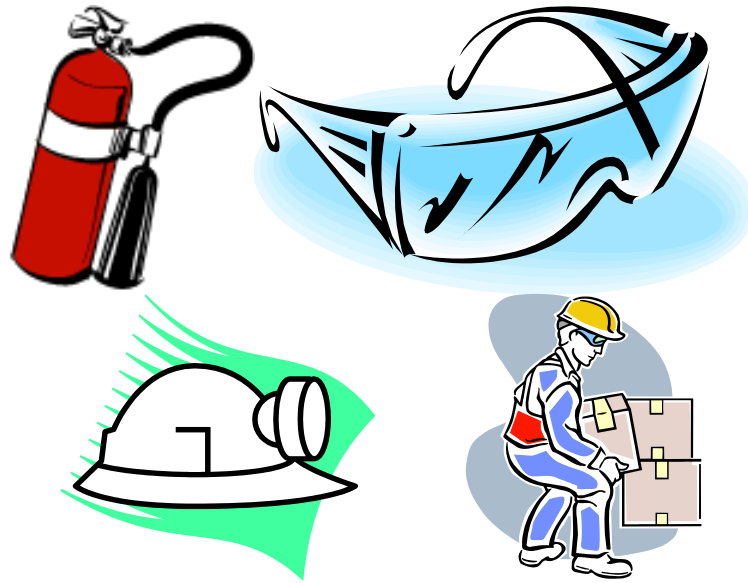

# Follow BSA's Youth Protection Policies

---

At a Pinewood Derby car build-it workshop, what strategy would help minimize risk of injury?

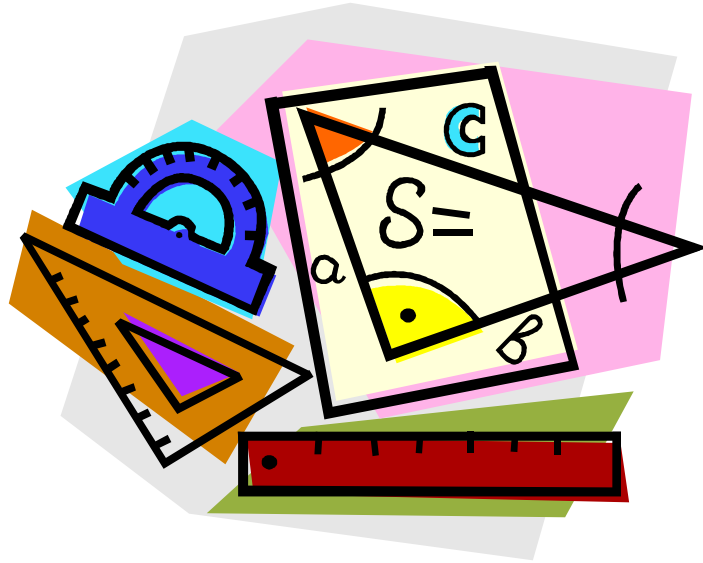

# Use Safety Gear and Practices

---

What strategy are you using when you tell a child to explain an idea by drawing a picture, or writing words, or telling you out loud?

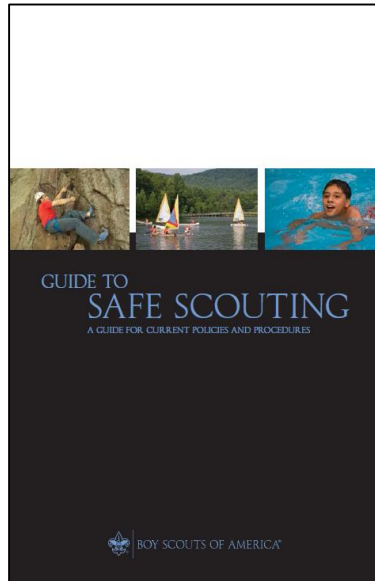

# Accommodating Academic Differences

---

Your Cub Scouts want to earn their Bicycling belt loop. Where do you look for safety guidelines?

# Start with BSA's Guide to Safe Scouting!

---

A Cub Scout wants to look at some YouTube videos of *Multiplication Rock*. What should you do before he starts?

# Ensure Internet Safety

---

Your Cub Scout den wants to go climbing at a climbing gym. What must you do to ensure safety?

# Bring in a Consultant with Appropriate Safety Skills

---

A Cub Scout is about to launch a ping pong ball from a catapult he's built and there are kids in the landing zone. What should you do?
